

FOSSAMALA

VIGNETI DI FAMIGLIA

FRIULANO DOC FRIULI GRAVE

The grapes, harvested in early September, come from a single clone using massal selection of an old Collio vineyard from which wines with good aroma, structure and typicality originate. 50% are vinified immediately, while the remaining 50% stay on the skins for 24 hours at 6 °C. The must obtained, decanted cold and clean, is blended and sent to ferment in a temperature-controlled stainless steel tank (60%) and in oak (40%). After two weeks, it reaches its full alcohol content and subsequent decanting of the heavier lees allows extended ageing over the finer lees. In mid-spring, mild clarification is carried out before blending and bottling. Intense straw yellow colour. To the nose there are all the typical notes of Friulano, primarily almonds, which is expressed in the taste with a slightly bitter aftertaste.

TYPE OF SOIL

Clayey loamy soil. The vineyard presents 7800 vines per hectare.

DATA SHEET

Organoleptic description:

Intense straw yellow color. On the nose all the typical notes of the Friulano are felt and above all the almond, which expresses itself to the taste with a faintly bitter end.

Pairings:

Ideal with fish entrées, white meats and cold cuts.

Service Temperature:

Serve at 10 – 12 °C in tulip glasses.

Name in the wine list:

Friulano – Fossa Mala.

Description in the wine list:

Fresh, Floral, Balanced.
